Letter of appreciation

Dear **Mindset Software Technologies,**

On behalf of Flywire and It's Risk and Security team we would like to thank you for bringing the following vulnerability to our attention.

POC: Subdomain Takeover

We appreciate you taking the time and effort to inform us responsibly and ethically regarding this security issue.

While we were not able to financially reward you for the Subdomain Takeover bug on Flywire that you reported, we certainly recognize the fact that you were able to detect this particular vulnerability accurately.

The ability to detect and report on security vulnerabilities is a valuable skill in the information security industry.

I hope that you will accept this letter as a token of my appreciation for your efforts in detecting this Subdomain Takeover vulnerability. We are all in this together as a security community and your participation and expertise is commended.

Please feel free to use this letter of appreciation to promote your skills for future job opportunities.

Sincerely,

Lara Sanz
Cybersecurity Manager
